

Hematopoietic Stem Cell Transplantation in the Republic of Serbia

Dragana Janić, Serbia

Pediatric Hemato/Oncol Centres Constituting the National Group in Serbia

Difficulties for HSCT in Serbia

- Matched unrelated donor HSCT
 - Insufficient number of registered HSC donors ~ 2000 (<http://www.rdks.org.rs/humanity/brochure.php>)
 - Patients from Serbia are sent to HSCT centres in Italy (~10 patients / year; dg. includes relapsed and high-risk ALL, relapsed and high-risk AML, Fanconi anemia, familial hemophagocytic lymphohistiocytosis, chronic granulomatous disease)

- TBI for HSCT in ALL patients
 - Patients from Serbia are sent for TBI to Italian centres (~5 patients / year)

Pediatric HSCT Centre in Serbia

- Institute for Mother and Child “Dr Vukan Čupić”
Radoja Dakića 6-8
11070 Belgrade
- Head: Assoc. Prof. Dragana Vujić, MD, PhD
- Full member of the European Bone Marrow Transplant Society (EBMT) (<http://www.ebmt.org/Contents/Pages/Default.aspx>)
